

Friendship Train Plans Completed

Onward To Lloydminster,
Will Be Cry October 13

Preparations are nearing completion for a Friendship Train to Lloydminster, Don McKay, executive secretary of the chamber, advised yesterday following a meeting of the executive board of the Chamber of Commerce.

Schedule for the two-day trip to the border city is nearly completed and numerous inquiries from individuals, chambers of commerce and citizens at large are being received at the Chamber office, Mr. McKay said.

As the tour is now planned the Friendship Train will leave Edmonton at 8:45 a.m., Oct. 13, and return at 6:30 p.m. the following day.

During stopover at Vegreville it is planned to have a tour of the district followed by a noon luncheon. Party will leave for Vermillion at 1:30 p.m., arriving there at 2:30 p.m. and will remain to confer with members of the Vermillion Board of Trade. Party will arrive at Lloydminster at 6:30 p.m.

TOUR FIELD

Meetings with the Lloydminster Board of Trade is planned for the evening following an inspection of local oilfields and refineries in the mid-section.

Party will be over the more northerly line of the CPR and stops are planned for Myraam and Stettler.

Requests have been received, Mr. McKay said, for additional stops en route, among them Innisfail, Kitimat and Fort St. John.

In response to a request from the National Employment Committee of the Canadian department of labour, the Chamber has named George V. Watt to serve on a joint employment advisory committee.

Dean of graduate school of business at Stanford University and a past president of the Canadian Accounting Association and other organizations, he was guest speaker at the annual dinner of the club of Edmonton's Kiwanis Club in the Macdonald hotel.

Kiwanians will carry on an educational campaign to get out voter information on Communists candidates in all levels from municipal to federal.

Their will warn of danger of infiltration of Communists in labor unions and other organizations.

OVERSEAS

Illustrating the infiltration danger Mr. Jackson said that in a union with membership of 750,000 the 700 Communists in that union would be represented in 75 executive positions.

Mr. Jackson said the work carried on by Kiwanis here especially the Children's Fund.

This is described as an outstanding example of the organization's work for underprivileged.

Dr. Rattray Heads Vets

Local veterinarian, Dr. J. Hatt, was elected president of the Edmonton Veterinarians' Club at a meeting of the group yesterday at the Canadian Club.

The club is entering its third anniversary of activities and has a membership of 20.

Officers elected were Dr. C. H. Giggard, vice-president, and Dr. G. Baux, secretary-treasurer.

Subsequent officers are Frank Park, Dr. B. L. Love, reported on the recent inaugural convention of the Canadian Veterinary Medical Association at Winnipeg.

Plans for the local club's activities for the season include regular monthly meetings, the majority of which will be social meetings attended by veterinarians' wives.

Tax Collections Show Increase In Edmonton

City tax collections during the first nine months of 1949 totalled \$49,704, over the same period of last year, according to J. A. MacDonald, assessor and tax collector.

The amount of total tax collections was \$44,585,873 in 1948.

Current land tax collections during the first nine months of 1949 totalled \$14,622, which made the accumulated total \$14,585,873.

Business tax collections for September were \$62,781, which boosted the nine-month total to \$462,902.

Rail Chief Here Tonight

On his way through western Canada on a routine inspection tour, C. D. Vice-President N. B. Watson, will arrive here tonight from Calgary.

He will be accompanied by J. P. McLean, vice-president.

Visit to the Red Deer oil fields will be the highlight of Mr. Watson's trip to Edmonton.

Cadet Meet

Annual meeting of the Alberta provincial committee Air Cadet League of Canada will be held Oct. 10 at the Royal Canadian Legion hall in the offices' mess No. 18 RCAF Reserve Squadron. Annual dinner will be at 6:30 p.m. in the Macdonald hotel.

Military Note

No. 36 CGCS, RCAFMC, will parade Friday at 8 p.m. at the Prince of Wales Armoury.

Macdonald web belts and puttees will be worn.

Cleaning House

Bank cataracts here for the past week totalled \$21,710,549, as compared to \$19,499,732 for the same period a year ago, a gain of \$2,210,817.

Another outstanding feature of the Conclave will be grafting of a charter to an offshoot of the local club, the Y Mass.

SPECIAL MEET OF COUNCIL IS CALLED

A special meeting of city council has been called for 8:30 a.m. Saturday, Oct. 10, reading to \$14,987,500 in money bills before they are submitted to public utilities commission by the same personnel.

Finance committee will also meet at 4:30 p.m.

City Traffic Department Have Busy Time

"The boys in traffic department really do work hard," said Deputy Police Chief Alex Riddell today as he checked over monthly reports for the department.

Report for the month of September released today showed that Dept. of Traffic had issued 1,000 motor vehicle tickets for overparking. Petty infractions netted motorists 1,842 tickets.

Court convictions during the month were 207.

Breakdown shows that 80 were convicted for speeding, 187 minor offenses, 10 for driving while license suspended, and one for drunken driving.

In the fall month was free of traffic fatalities but 202 accidents were reported with only 31 persons suffering minor injuries.

City TB Seal Sale Interests U.K. Nurse

Probably few medical people know more about tuberculosis prevention than cheerful, easy-going Nurse N. H. Burrows, matron of the Manchester Sanitorium, Baguley, England.

She has spent 20 of her 25 years in nursing, working in tuberculosis sanatoriums.

Miss Burrows is currently touring Canada on a travelling scholarship from the British National Association for the Prevention of Tuberculosis.

On Saturday morning here yesterday she compared notes with local hospital officials.

INTERESTED IN DRIVE

Of particular interest to Miss Burrows was the Christmas Day gift drive sponsored by the Knights of Columbus' Club and the Alberta Association for the Prevention of Tuberculosis.

England, too, has such annual drives, backed by the corresponding group.

Under the British and Canadian schemes for TB prevention and for treatment of patients there has been great cooperation.

Report for the month of September released today showed they had tagged and sent 1,000 motor vehicles for treatment stations.

Of the total, 4,137 were given tickets for overparking. Petty infractions netted motorists 1,842 tickets.

"It would be hard to say which country is the more advanced."

"As far as the Canadian plan goes, we think that when you are in close contact with TB patients concerned, you are ahead of us."

Private Bills Stymied

The manner in which the Canadian parliamentary system permits private bills to be shoved aside and forgotten is a disgrace to the Canadian conception of democracy.

This is generally true in respect to all private bills.

It is specifically and particularly true in respect to the bill which was presented to ban the so-called "comic books" which everybody agreed are a menace to Canada.

The manner in which this private bill was headed out of the debate constitutes a paradox both ludicrous and tragic.

In the way the system works in regard to bills like this, a certain time is allotted to the presentation of them on a certain day.

If the debate is concluded during the specified time, the bills are brought to a vote. If the debate is protracted, all discussion is automatically shut off and the bill goes to the end of the list.

When this happens, the bill so postponed seldom reappears during that session.

In the case of the private bill to permit some definite judicial action against "comic books," those purveyors of violence and sex license, so much support was ac-

corded the measure by members of all parties that the debate ran past the allotted time and went right off.

Thus this highly important piece of legislation was closed out of debate for the absurd reason that too many members were in favor of it.

That is to say, the more warmly a particular bill is supported, the less chance it has of being translated into law.

The failure of this bill to permit the judicial banning of "comic books" is bad enough.

But it is infinitely worse that the house of commons should subscribe to a system of debate that gives private bills of the highest merit about one chance in a hundred of getting passed.

Anyons will admit that private bills are often both frivolous and superficial and that some members can waste a great deal of time for the sake of it.

But when was the use of commons hard up for time?

And surely the processes of democracy are given full credit when elected members of parliament, each as important legislatively as the other, have to take a back seat with their ideas to make way for purely party legislation.

Market Bylaw Should Be Passed

In their unfortunate report to the city council in the wholesale slaughter of money bylaws, the city commissioners made one sound observation.

This was that the market site on 103rd Avenue was far too expensive for the use of a everyday market. This view was in accord with the opinion of The Edmonton Bulletin, frequently expressed, that a market had no place on valuable property reserved for town planning report for office buildings.

But the situation is entirely changed by the selection of a new site on the north east corner of 97th street and 101A Avenue.

With this property made available at a price approximating \$50,000 for the 13 lots involved, the amount of the bylaw can be reduced from \$300,000 to \$100,000.

What is left of this sum after the property is purchased, together with the \$100,000 given by the federal government

for the old market site, the city will have roughly \$150,000 to erect an adequate market building suitable in all respects to the contemplated purpose.

The bylaw, as it stands now, should be supported. It is moderate, reasonable and effective.

But citizens should remember that the entire difficulty over the market situation arises from the readiness of the city to accept an above price for the federal government's lot or the market building.

According to present values in that area, the price for the old site should obviously have been closer to \$500,000 than \$100,000.

If the administration had been guarding Edmontion's interests diligently in this deal they would have been no necessity for a bylaw at all.

The receipt from the sale of the old site would have financed the building of the new market.

Don't Forget Community Chest

Community Chest donations started off well in Edmonton.

The first day's receipts, \$17,044, were more than \$7,000 in excess of the first day's take in 1948.

But the generosity of those who opened the campaign should not convince those who have not yet contributed that their

money is any the less needed.

The same volume of giving that opened the campaign must be maintained through and even exceeded, if the objective is to be reached.

Support of the Community Chest is one of the first essentials of good citizenship. The obligation lies on every citizen.

Post Office Alterations Languish

It is a matter of surprised comment in Edmonton that the post office alterations, which started off so boldly and bravely before the federal elections, have come to an apparent halt or snail's pace progress now that the election is over.

It is to be hoped, by pure coincidence, of course, that this job was begun in pre-election heat and began to slow down in post-election languor.

The two may not be connected in any way.

But the man in the street sees a con-

nection, rightly or wrongly, and his opinion of the work done is not enhanced by the inference he draws.

The plain truth is that the half-finished work is an unpleasing eyesore.

The plan of modernization is excellent. Everybody agrees it should be done.

But it has, done, it is ugly and unsightly and it reflects seriously upon the standing of this city.

The post office department should get a move on or be prepared to answer the prevalent opinion that the work was mere election bait.

ODDS AND ENDS

Some Heterodox Thoughts On the Benefit of Worry

There has been a medical mogul from the East touring lately and giving off sparks of wisdom for the benefit of us all.

One of these sparks consisted of the statement that pain, ordinary or otherwise, is one of the prime causes of rheumatism and arthritis.

I am not surprised.

A man, girthed with everybody, else I have long been aware that worry is a sharp pain in the neck when I contemplated the month's bills.

Now I know what it is. It's rheumatism.

And I am inclined to believe the medical mogul from the East for the knowledge.

But even this distressing personal suffering does not induce me to join in the vulgar how for the abolition of worry.

On the contrary, I prefer to take the position with some heat that worry, notwithstanding the ulcers and rheumatism, is one of the benefactors of the human race.

Mental Obesity

To put it in a nutshell, I would much sooner drop into an untimely grave from ulcers and rheumatism than those sluggishnesses from mental and spiritual obesity.

A man's mind is much worse than a fat stomach, I hope. It is obvious that there is such a thing as carrying worry too far.

No, I mean, for instance, a professional and a non-professional, Sam, with a face like an under-

taker in multi, carrying gloom and despair among one's friends and acquaintances.

It is easy to become sanguine and complacent, colored by the delusion of some religious that religious people always seem serene and sluggish.

But my point is that just enough fear and just enough anxiety upon one's mind like a battery under the saddle can keep the horse from running.

The post office department should get a move on or be prepared to answer the prevalent opinion that the work was mere election bait.

Shouting Gargoyles

The popular view of worry has been that it is a disease, colored by the delusion of some religious that religious people are always serene and sluggish.

I don't believe it. Did you ever see a picture of a saint who didn't look as if he was worried?

They all have the appearance of getting somewhere in a devil of a hurry.

And then, as Cheshireton has pointed out, even the gargoyles on the cathedrals are shouting garrulously.

Serenity, tranquility and placidity are beautiful thoughts. But they are not the best way to keep up the morale of a nation.

Personally I hope nobody says "How peaceful he looks." I hope he looks like a saint around the old tower, God only knows why, to have a last squint at those mortal remains.

2,500 Attend Rosary Rally At Red Deer

RED DEER, Oct. 6.—Lourdes Grotto, on the grounds of St. Joseph's Convent in Red Deer, was the scene of a Rosary Rally. Crusade Rally, attended by over 2,500, from Red Deer and surrounding towns. The rally opened at 10 a.m. Commencing at 3 o'clock, with a procession of the Blessed Sacrament, from the church to the Lourdes Grotto, the assembled crowd heard Monsignor W. B. Carleton, of Edmonton, speak on the Rosary, the medium of family prayer, and daily recitation of the Rosary, could be the best protection against the terrible danger of communism, and a road to real and permanent peace.

Father J. Keenan, of Trochu, was the celebrant at the Solemn Benediction, which was a part of the rally. Other speakers were Father T. Wheeler, Olds, and Father J. Murphy, of Rimley, deacon and sub-dean of the Diocese of Lethbridge. Bishop F. J. Rooney, directed the procession of the Blessed Sacrament, which opened the rally. Father P. D. McNabb, of Red Deer's Sacred Heart Church, was Master of Ceremonies.

Girls from St. Joseph's Convent, sang a hymn, composed especially for the Rosary Crusade, during the rally. The final hymn, "The Joy of Sacred Heart Church," sang the processional hymn, "Adore to Devere" and the closing hymns, "Ave Maria" and "Tantum Ergo," during the Sicut Domini.

WOMAN USES BOARD TO CAPTURE COYOTE

DRUMHELLER, Oct. 6.—Although Mrs. J. W. Poland, of Munson, knows from actual experience that a full grown coyote can be killed with a board, some ingenuity and much excitement, she still feels that the best predators of the marauders are traps, poison, high power rifles and good hunting.

Mrs. Poland, who with her son started the other day to notice a small animal giving the "go" to plump fowls in her chicken yard. When Mrs. Poland gave chase to the coyote the animal became slightly confused and then momentarily entrapped in the netting of the chicken run.

Mrs. Poland dropped a sturdy plank over the animal's neck and then sat on coyote and plants till her son came from a nearby field to make the actual kill.

HIGHWAY south of Edmonton is broadening out to a four-lane thoroughfare. Crews are working northward from Nisku, expect to reach Edmonton's limits by winter at present rate. Fence has been moved back, new culverts installed and earth grade built up for the two new

lanes. There is big improvement in Devon corner at Nisku. Photo shows approach to Nisku. Car at left is standing on new grade. Other cars are driving on original highway.

9.30 CURFEW AT VEGREVILLE

VEGREVILLE, Oct. 6.—On the request of the Vegreville Parent-Teacher Association, police have been instructed to enforce a 9 p.m. curfew, which requires unescorted children to be off the streets by 9 p.m. Starting Monday, Oct. 10, the siren will sound each evening at that hour.

W.A. Supplies 14 Canvassers

DRUMHELLER, Oct. 6—Fourteen of the 19 members of the New Mission this week volunteered as canvassers for the Drumheller district campaign. The campaign, organized by the Canadian Council of the church, will be held in October.

Speakers at the meeting included Mr. Frank P. Richardson, president of the local community chest organization and Ted Steele, campaign manager of the drive.

Officials of the Newcastle W.A. W.M.F. and G. H. Steele, chairman, and Mackie and Mrs. Leo Vaast.

To Hold Reunion

SEDEGWICK, Oct. 6—Both ends of Sedgewick's main street now bear reminders of the sacrifices made by service men in two world wars.

At the south end of the street a plaque has been placed on the tabernacle commemorating the dead in the First World War and the 1914-1918 and the 1939-1945 conflicts.

Speakers at the meeting included Mr. Frank P. Richardson, president of the local community chest organization and Ted Steele, campaign manager of the drive.

Officials of the Newcastle W.A. W.M.F. and G. H. Steele, chairman, and Mackie and Mrs. Leo Vaast.

Plans for the building call for a two-story structure. Main hall will be large enough for dances, meetings and other gatherings. Other rooms will provide space for lodge meetings, club meetings, and utility rooms.

Site of the new hall will be on the old post office lot, between the old K. Hall and the adjacent lot.

Already the former post office building has been removed to make way for the new edifice.

Junior Grain Shows Commence at Delia

DRUMHELLER, Oct. 6—Roy Haymond, chairman of the grain division of Drumheller District Agricultural Society, announced yesterday that all was in readiness for the four local junior grain shows to be held here in mid-October under the auspices of his organization and the Department of Agriculture.

The shows, which run from Oct. 12 to Oct. 15, will be better than last year, officials feel.

A. G. Grenville is president of the Drumheller District Agricultural Society and has obtained two seagoing aces. During the past year the organization of junior farmers of the area, held four shows, tiller matches, flower show, and better cattle and sheep.

Membership includes most of the prominent farmers in the area and a large number of businessmen of the city of Drumheller and surrounding areas.

Prospectors Get Commons Boost

Resolution Urges Financial Aid To Northland Explorers

OTTAWA, Oct. 6.—(CP)—The men who take their chances in the great gamble of hunting for Canada's hidden mineral wealth received a moral—if not financial—boost in the Commons yesterday.

Rev. Dan McIvor, colorful Liberal member for Fort William, initiated discussion with a resolution asking the government to give stimulus to prospectors in developing mineral fields.

LETHBRIDGE, Alta., Oct. 6.—(CP)—The city-owned City Hospital and its assets will be sold for \$150,000 if ratifiers approve the proposed Lethbridge Municipal Hospital scheme. A plebiscite to decide the matter will be held Nov. 6.

The entire municipal hospital plan was drawn up and now will be submitted to voters under the Municipal Hospitals Act of 1942 for a period of 14 days. There will be a waiting period of 14 days during which petitions from any group of 25 ratifiers opposed to the scheme will be heard by a panel that will present a report in a general plebiscite over the entire proposed hospital district for approval.

The proposal has the support of two-thirds majority of ratifiers to be come law.

Labor Groups Ready For Meet At Lethbridge

LETHBRIDGE, Oct. 6.—(CP)—Nearly 150 delegates are expected to pour into this city for the 29th annual convention of the Canadian Federation of Labour, the new civic centre Oct. 12-15. Fred J. White, regional superintendent of the Unemployment Insurance Commission, will be the guest speaker at the annual banquet.

The three-day convention will be held in Lethbridge in 1912 and 34 delegates, almost the entire membership of the province at that time, the federation has become affiliated with 110 trades unions and has a membership of 14,000.

Tito's Settlers Ask To Return

OTTAWA, Oct. 6.—(CP)—Calgary's fire department is well prepared for any major blaze and can handle most fires with two major fires at the same time.

(Monday) A judicial commission inquiring into the \$2,000,000 fire at the Canadian Legion in Edmonton last March criticized the Edmonton fire department for its lack of major fire equipment.

Congress told him that his bride had not known of his criminal background when she married him. Congress said he had served 1½ years in the United States for grand larceny and one year in Canada.

The Winnipegger, who was one of four sought by police in Lethbridge when he appeared in court, Arthur Vina 22, of Calgary was sentenced to one year at hard labor in Lethbridge.

At the time of his arrest he had served 1½ years reserved election on four charges of forgery and was remanded to the provincial penitentiary. On Sept. 26, of Calgary had a charge of false pretenses against him withdrawn.

Cheque Artist Taken From Bride to Prison

CALGARY, Oct. 6.—(CP)—The honeymoon of George Cross, 22, of Winnipeg, police-suspected leader of a bad-cheque crew, was indefinitely postponed yesterday when he was sentenced to 1½ years in Prince Albert penitentiary by Magistrate G. H. Ross.

Cross pleaded guilty to a charge of shoplifting, a charge of attempted false pretences, two charges of uttering forgery, two charges of false pretenses, three charges of robbery. He was sentenced to 2½ years on each count, sentences to run concurrent.

Cross, sought by police here since Sept. 26, had left Calgary for Winnipeg, where he was arrested here Sunday as he stopped over briefly during a honeymoon trip to Vancouver.

Congress told him that his bride had not known of his criminal background when she married him. Cross told him that he had served 1½ years in the United States for grand larceny and one year in Canada.

"I don't know sufficient of your background to evaluate whether you are a big-time operator just starting out," Magistrate Rose told Cross.

U.S. SOCIAL SECURITY IS GREATLY EXPANDED

WASHINGTON, Oct. 6.—(AP)—A measure to expand the social security program was passed yesterday by House of Representatives by an overwhelming vote.

The bill, introduced by Rep. John W. Studebaker, has been asked by the city for 14 more men to add to the strength of the department to bring it up to 112 officers and men.

A petition was submitted by 54 of the 112 Canadian Legion in Brigrade in London, England, to the Canadian government to increase the number of men in the department.

The measure would boost benefits by 70 per cent or more; create new disability insurance, and increase the old age pension over the next 20 years to three per cent on both worker and his employer. The present rate is one per cent.

MANY PEOPLE, perhaps you yourself, already live in houses which are as much "aluminum" as others are "brick" or "stucco".

Just look at the amount of aluminum which already is going into Canadian buildings:

Roofing and Siding—Last year alone about 100 Canadian fabricators shaped thousands of tons of aluminum for use as roofs and exterior walls.

Windows—Today a score of Canadian companies are making aluminum windows and doors which have unique advantages: they never warp, swell, shrink or crack, and never need painting.

Insulation—Aluminum has outstanding insulating properties. Already numerous Canadian companies adapt it to keep homes warm in winter, cool in summer.

Gutters, Flashing, Trim, Architectural Hardware—Because aluminum is attractive and lasting a lifetime, dozons of Canadian manufacturers are now kept busy making it into all sorts of forms for use outside and inside the house.

Alcan Aluminum

Why Aluminum?

Aluminum is becoming more and more popular for use in home building because . . .

. . . it does not rust . . . is practically indestructible. Therefore maintenance costs they low.

. . . it is light and easy to handle, is very strong, needs only corresponding light supports.

. . . it has an attractive natural finish, and can be painted if desired.

. . . like other building materials, aluminum can be used in houses of any design.

Ask your architect or contractor about aluminum for building. He knows the story of Alcan's continuing research into its uses. So he can tell you about its overall advantages and how you can profit from them when building or remodeling.

Stimulation of Nerve Conquers Polio in Boy

OTTAWA, Oct. 6.—(CP)—Thanks to the efforts of two Boston physicians, nine-year-old Bruce Platner of Ottawa is well on the road to recovery after a brush three months ago with bulbar poliomyelitis.

"He was given wonderful care," said Mrs. Platner. "The machine was used for six days and then a respirator and iron lung were used for gradually shorter periods."

The boy, son of Dr. and Mrs. C. R. Platner of Ottawa, returned to hospital in Ottawa yesterday. He was out walking with his mother for the first time since July.

Too Many Vitamin Doses Can Endanger Children

CINCINNATI, Oct. 6.—(AP)—Over-feeding of children fed vitamin concentrates, Dr. Caffey said. With certain vitamins may cause poisoning and temporary crippling. Dr. John Caffey, New York, says.

Dr. Caffey, of the College of Physicians and Surgeons, Columbia University, discussed the subject in a report presented to the American Roentgen Ray Society. He cited seven cases of infants and younger children being poisoned because of the "over-enthusiasm" of mothers for vitamins and

fed vitamin concentrates. Dr. Caffey said:

"He reported that toxic effects resulted from three types of vitamin A and D concentrates when taken in excessive large quantities and over a sufficient long period."

"A child may be over-fed vitamin A concentrates with a resultant permanent physical damage and crippling," he said.

The physician, Dr. Caffey, concluded from painful swelling

in the feet and arms. There was limitation of motion and difficulty in walking, he said.

After a year of treatment, the physician added. Rapid recovery resulted, however, he declared, after the feeding of the concentrates was stopped.

"Apparently it is not an uncommon practice for mothers to stop measuring vitamin concentrates accurately when they start their use," Dr. Caffey said in his report.

"Parents' reasons for giving inadequate attention are numerous and important. In one case the mother simply decided that if a smaller amount of the concentrate was good for the baby, then a larger amount would be better."

Eject Noisy 6 At High Mass

BRISTOL, England, Oct. 6.—(AP)—Five men shouting "Idiots" interrupted high mass at St. George's Anglican Church today. Robert Perkins, 21, a student, had carried three of them shouting and struggling from the church. Two others left quietly.

With him had ended a sixth man, who identified himself as M. J. Perkins, director of the National Union of Students, tried to stop the shouting at the door. His side was forcibly ejected. Perkins' coat collar and tie were torn and a priest's robe torn in the struggle.

Members of the National Union of Students complain that high mass is too noisy in England since it is "Romanian."

Chinese Reds Near Canton

CANTON, China, Oct. 6.—(AP)—Private reports today said Chinese Nationalist troops have withdrawn from Kukang, keystone of Canton's outer defense line, and are holding the capital. These reports, unconfirmed elsewhere, said the situation at Kukang, 10 miles from Canton, where troops last reported 10 miles from the city, are steadily being reinforced.

Lewis Accepts Gov't Offer Of Mediation

By VIC JACOBS

United Press Staff Correspondent
WHITEHORN SPRINGS, Wyo., Oct. 6.—(UPI)—L. Lewis today accepted a government offer of mediation in the 18-day soft coal strike.

The strike, between the West Coast U.S. Medicinal Chief Cyrus S. Ching, a typical Lewis telegram, it said:

"Will attend."

Lewis accepted his acceptance and then entered a meeting with northern and western operators.

OPERATORS AGREE

The operators previously had agreed to attend the conference with Ching at 80 a.m. Friday in Washington.

However, both operators and union spokesmen were pessimistic concerning the outcome of the present talks. The operators reportedly will press for appointment of a fact-finding board similar to that which intervened in 1946 to avert the current steel strike.

Ching said he intervened in the coal talks because the strike was "approaching a crisis." He said some people "already are suffering."

"The longer it goes, the worse it will get," he said.

The northern and western operators here admitted after a fruitless meeting yesterday that the United Mine Workers' boss yesterday that there was no hope of an early settlement.

EKS BEAT STAMPS

Edmonton have had some difficulty with Calgary Stampers on the gridiron this fall, but last night they manhandled the Grey Cup champions on a radio quiz show.

Our gang—Harry Hobbs, Pete King, Peter Lougheed and Bill Studd—topped four Calgarians by 56-45 score.

They were competing on a show called "The Quiz of Two Cities" being sponsored by local radio stations.

The quiz a stunt rigged to promote Canada's fourth bond issue, a half-hour feature. Hockey players will compete later this month.

ULAND GAME SPOTTY

Reporters coming in after the first day of the Uland game were surprised to find that birds were plentiful in all areas.

The area surrounding the city is very sparsely populated, the mountains around Barrehead, Ardrosson, Reginon, Vilna, Smoky Lake and Andrew's Lake are sparsely populated with prairie chicken.

Reason for greater numbers in the country is settlement of the land, the fact is that the birds are in the low point of their cycle the surviving stock tends to hang out in the same regions.

When they are plentiful they move into the areas fringing on muskeg territory.

Until recently weather hasn't been ideal for duck and geese hunting and it has been only too balmy and fine.

As a result ducks and geese, particularly, are flying high and those that are shot won't keep more than 45 seconds.

Several hunters have returned with "our" meat, a condition which can be explained by the fact that the birds are a "cooling-out" period.

Exciting Behind-Scenes Glimpses Of Yankee Stadium During Series

YANKEE STADIUM, New York, Oct. 6.—Baseball Commissioner A. B. (Happy) Chandler is here just now who sings team as off key to a lot of people. But he certainly handled a number of photographers with dispatch just before game time.

The play of rain for going on two hours. Nevertheless, the bushy-bristle wanted him to pose, palms of hands upturned, in a "waiting for rain" attitude.

Mr. Chandler refused—flatly.

"I know it's hard to rain any more today," he ex-
plained. "There's a seat."

"Only ball does Dodgers hit was the one Joe caught off Jackie."

Yankee Stadium stars packed it to kill. Close to 67,000 packed into a three-tiered, gaily bedecked stand to the sun shining brightly over most of the route. One of the best-natured crowds you would ever want to sit in.

Memories and reminders all over the place of "Babe" Ruth, Lou Gehrig, "Pete" and "Tom" Lazzeri and more stars of other, and certain greater, days of baseball history. Music of Canadian Guy Lombardo and much more.

Following the New York victory signs went up in many Brooklyn restaurants pointing out that "no more

The memorial plaques to Ruth, Gehrig and Miller Huggins, once mighty manager of the Yanks, at the entrance to the stadium. The plaque to Mrs. Ruth, Mrs. Gehrig and Mrs. John McGraw, and another diamond immortal who has passed on, were at the game.

"He's a wonderful boy, thank goodness he threw away that coat he was wearing a week ago." Henrich in-

Stengel is mighty popular with his players. Coach Bill Dickey, who helps Stengel with the masterminding of the game, says "Casey has so much money he couldn't count it in a week."

For all this he was pale as a sheet in the Yank dressing room, awaiting the game. Customer who cut-scrambled all others for ball helmets, his own bleachers to win it all, came into a prime souvenir, make no mistake. There haven't been but a dozen or so 3-0 games in World Series history.

SOUTH SIDE COACH

Mr. Pettinger No Greenhorn

By DICK BEDDOES

It has been, somewhat kindly perhaps, said that the most noteworthy thing about the South Side junior hockey team this year will be the coach, Gordon Pettinger.

Maybe that isn't true.

After watching 65 junior amateur games in the past year, I am inclined to say that at Edmonton Gardens last night coach Pettinger is positive that he isn't.

TOP JUNIOR

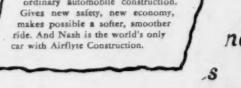

Not the big blood from Regina over the thirties or the Hockey League ponds, is it? More of copy, anyway.

In 1936-37, Pettinger belied as one of the top stars in the country. He batted .360, the depression closed them to a Memorial Jamboree.

Then the 185-pound Pettinger went to Vancouver and his hockey's Big Test, the ven seasons with New York.

Detrod Red Wings and Pettinger was a star and picked up 88 assists for total of 108 points. The right wing roughed it, too, as evidenced by 75 minutes spent in the depression.

By J. D.

I always had a suspicion that most people who profess to like classical music were phonies. Violinist David Rubinoff confirms my suspicions.

Bitter experience has forced me to admit openly on the air that I'm a rank phony. Springtime in the Rockies has been away over my head. A nocturne in E flat minor sounds to me like a dog barking. I always wonder where he is going to start playing the tune."

When I interviewed Rubinoff, I started off with, "Bravo!" He said nocturnes either of the flat or sharp variety take too long to play. I have to say, though, that he's a good player. I don't know what they all about when they're finished.

RHYTHM'S THE STUFF

People like musical good rhythm. It's a rat, tat, tat even on the drum gives the average person a lift. Some of the classics don't引起 anything at all.

I first became suspicious about musical appreciation a good many years ago.

I had a cousin who thought she was quite a singer. Maybe she was. She was a rat, tat, tat case. She was one of those bone-heaving high warblers.

She used to drag her husband and son along to hear all the big concertos. He spent all his spare time that once went for amateur dramatics in expensive recordings of great artists.

HE'S A PHONEY

In front of his Missus he hypocritically pretended to simply enjoy the music and its movement. But I noticed he never played the classics unless the wife was there.

The point I'm trying to make is that many people claim to love the classics because it's what they're taught.

Same principle causes women to wearoust hats because that's what they're told the monotonous conversing with a person who belongs to the 400 set.

Mind you, I'm not knocking classical music as such. I have no doubt it is wonderful and inspiring.

Einstein's theory of relativity or the mathematics that produced the atom bomb are not to be believed if you read Einstein's theory of relativity from beginning to end, and tell me that it's true.

It's just as phoney as a costume ten dollar bill, or a gram for Davis, Rubinoff, musicians of the masses.

POLICEMAN ROBBED, MAN IS CHARGED

Three charges—including armed robbery and obstructing an RCMP officer—were laid against Ed Conradson of Buck Creek in city police court yesterday afternoon.

Conradson was charged with robbing an RCMP officer of personal effects and \$40 in cash at the point of a .32 calibre rifle near Buck Creek on September 25.

Two other charges—unlawfully and wilfully obstructing a police officer from carrying out a search warrant and possessing an illicit still—were laid.

Accused pleaded not guilty to the charges and elected supreme court trial.

Judge J. W. McCuaig refused to grant bail on the grounds that "armed robbery is a very serious offence."

Prisoner was remanded to October 12.

Rubinoff's Show Here Gets Mixed Reception

Spent the most amusing evening in months last night.

That's a show by name of Rubinoff the Fiddle at the Saenger Pavilion.

Thing off to quite a start when the pianist, name of Mr. Alexander, sat down to play Mendelssohn's "Wedding March."

The audience stood up to sing God Save the King before they caught Save the Queen and Mendelssohn and that's the national anthem.

Then Alexander played Chopin's Waltz in Flat.

Chopin hammered up the way the music was. I half expected the pianist's tuxedo lapels to light up like the Blue Danube.

It was a very amazing, and wondrous. All the audience were in awe of his great musicality.

His wondrously great musicality sounds come out of his \$100,000 Stradivarius violin.

After that, Rubinoff came on stage.

He was half dressed when he started off with a "Fiddle Fiddle," which Mr. Rubinoff wrote himself, and which is a jazz violin piece.

Two or three other numbers had possibilities. Provo's Internecce, Debussy's Clair De Lune, and maybe a Souvenir, Troublé was, they fairly dripped, they were as sweet.

It was schmaltz all the way through.

As the pianist scampered up the door keys, Mr. Rubinoff introduced his assistant, the arrangement of the Warsaw Concerto.

When he came to a soft, gentle piano, he closed his eyes in rapture, and raised his eyebrows.

Back to a faster passage, and he was off again. He got off stage, ended the piece with a great flourish, threw his arms to the crowd, and sighed with a happy smile.

Wage Board Will Study Dispute

Grande Prairie Teachers Ask Pay Increases

An arbitration board will be appointed to study a wage dispute between the Grande Prairie School Division and about 45 teachers of the division officials of the industrial and labour department said here today.

He is Graham Dan Congdon of 1135-95 street.

He and a friend, 26-year-old KC James Newman, was found guilty of the same assault Monday.

The two boys have been remanded until October 12.

The pair was arrested on the night of 24-25 when two persons were found to be in a room with a woman's screams on Clark Stadium road.

The two followed a beer-drinking party celebrating Newman's 20th birthday.

On the stand yesterday, the tall, hairy Newman denied being innocent, flatly denying the charge.

The boy was followed by his mother, Mrs. Newman, who fled from the court when they heard he charged.

The prosecutor described the assault as "particularly brutal and much more severe than at the present time."

Mr. Justice C. J. P. McLean, in handing down his decision, also blamed the boy for his conduct.

"The boy's evidence was bitterly contested by Crown Prosecutor W. J. Sheppard as a "complete tissue lie."

BRUTAL ACT

"They knew she was a married woman with a six-year-old child but in their hearts they raped her," he charged.

The prosecutor described the assault as "particularly brutal and much more severe than at the present time."

Mr. Justice C. J. P. McLean, in handing down his decision, also blamed the boy for his conduct.

"The boy's evidence was bitterly contested by Crown Prosecutor W. J. Sheppard as a "complete tissue lie."

THE WOMAN

The woman was assaulted on the night of May 28 after she accepted a lift in a car from Congdon's car.

She testified she accepted the ride because she thought it was safe.

The assault took place as she was attempting to run from the car after it had been parked on Stadium road.

He did an awful lot of talking, too. And while I can appreciate that he likes kids, he certainly took advantage of his position as a self and the wonderful things he does for them.

All the same, Rubinoff is a fair middle-aged entertainer. But he certainly doesn't play what can be called music.

He was a glad admission price, anyway—\$2.50.

Thick Crepe Soles Mean Walking Comfort

In a short time, the clack-clack of sloppy loafers may be replaced by the soft, squishy sound of crepe soles.

Neat, new casual footwear with big, thick rubbery soles strikes me as being just the thing for boyish-soxers, business girls or sportswomen.

DOROTHY DIX SAYS

Wife and Step-Son In Tragic Triangle

Dear Miss Dix: A most tragic thing has come into my life. I married a man twenty-four years my senior and after living with him for seventeen years I have fallen madly in love with his son by a former marriage, who is just my age.

He returns my affection, and the couple have been together since we met. At present, at mark time, if possible, until my husband passes on. The son is devoted to his father and he will gladly give up his wife and son if he can have each other without any regret or heartache.

My husband has been a wanderer, full of trouble and love him devoutly. Can you imagine a worse situation than this?

ANSWER: You present an aspect of the human triangle that is as normal and ghastly as any ever seen.

Yet such grisly tragedies do happen in real life, perhaps often than you know.

One can even understand how they happen when a girl marries a man old enough to be her father and she has no contact with his son of her own age.

Youth calls to youth, and nobody is immune. The son of a dead and Mother Nature, who made things that way and left us poor, weak mussels to take the consequences.

CLOUTIER'S

But it is a horrible and a gruesome thing to wallow dead men's ashes. It atrophies everything that is good in the human heart and woman to sit and watch for some sign of disease in another, for them to coldly calculate the chances of whom one being the

survivor.

It is a terrible, terrible thing.

SOCIAL and PERSONAL

CHATTERING over the coffee cups at the Elizabeth House Guild party yesterday noon were Mrs. Harold L. Wein, president of the Guild, Mrs. Roger W. Roscoe, Mrs. G. R. F. Kirkpatrick and Mrs. H. S. Yellowknife Craft Workers Hear Speaker

YELLOWKNIFE, Oct. 6.—Eminent Canadian artist, Dr. A. J. Jackson, was guest speaker at the first fall meeting of the local branch of the Canadian Haidaer Guild.

Concluding a sketching tour to the north which had taken him to the Yukon and northern Alberta, Dr. Jackson had played some of his work to Guild members following a talk on handicrafts and Canadian art.

Other officers presided over the meeting, as which the season's program of craft instruction was organized, and 35 new members accepted.

NINETY ENROLLED

Nearly ninety Yellowknifers were now enrolled in the Guild, and a busy year is anticipated with many interesting undertakings in the near future.

Mrs. and Mrs. J. Anderson will preside over the meeting, which is to be held during the month of October.

Plans were made for a whisky dinner to be held in the club house Wednesday at 2:30 p.m.

Other instructors are Mrs. Bill Smith, smocking; Mrs. J. D. Bates, man, glove-maker; Mrs. V. L. Stans, oil painting; Mrs. C. E. Ross, rug hooking; Mrs. J. R. Woolgar, pett point; Mrs. G. R. F. Kirkpatrick, black printing; and Mrs. E. F. Egan, Christmas cards.

Needed for Progress More Buying Power

Housewives Need Leadership In Economic Stability Says Speaker

OTTAWA, Oct. 6.—(CP)—A Canadian economist and sociologist told housewives there must be more buying power in the country to avert a depression.

Dr. Helen Chasaway, now education officer at the Parliament penitentiary, said the sales increase in producing during the 20th century meant there must be a corresponding increase in buying power to purchase all the goods.

"We've got to get our government to be prepared to see that there is a sufficient amount of buying power in the country," Dr. Chasaway told the annual meeting of the Canadian Association of consumers.

At the annual meeting today, Mrs. Frank E. Wright of Oakville, Ont., president of the Canadian Association of consumers, said:

"The problem that exists is in the depression, and it is the question of how to keep our tariff barriers up. Domestic industries were afraid of losing their home market if foreign-made goods were allowed in the country without paying tariffs."

"We've got to be far better consumers than we have ever been in the past," she said.

Delegates to the convention voted to support the national campaign to ask more public leaders to speak through newspapers.

The publican concurred. Mrs. James Kelly, bride of Angus Keith MacKay, the Rev. Father J. Stewart performed the ceremony.

The bride is the daughter of Mr. and Mrs. William Kelly of Stony Plain, Alta. She is the widow of Mr. and Mrs. George W. McKay of Edmonton.

A dress of ivory satin was chosen by Mrs. Kelly for her wedding and was given in marriage by her father. It was styled with a sweetheart neckline and lily point sleeves.

As bridegroom, Jim Krause had a dress of pale yellow silk with a dark green sash and a wide cap.

James Kelly was best man.

The reception for 50 guests was held at the home of the bride's parents.

For her daughter's wedding Mrs. Kelly chose a white satin dress with dark brown accessories and a corsage of Talisman roses.

Mr. McKay chose a forest green dress with dark green accessories and a cream rose corsage.

For a honeymoon trip to Calgary next week, the couple will travel in a dark grey suit with white accessories. Upon their return they will make their home in Edmonton.

Patricia Bowlers Elect Executive

Mrs. S. Lee was elected president of Patricia Ladies' Lawn Bowling Club at the recent annual general meeting.

Beecroft, games convenor; Mrs. D. Taylor, honourary convenor; Mrs. A. G. Steele, honourary member; Mrs. C. Cameron and Mrs. W. Townsley are representatives to the province.

Prize winners for the year were: First, Mrs. Cameron, Mrs. G. Overlander, Mrs. H. Knabe, Mrs. C. B. Taylor; Second, Mrs. D. Taylor, Mrs. D. Davy, Mrs. Dashbrook, Mrs. C. Beecroft, Mrs. Gilliland, Mrs. L. Beecroft, Mrs. Dombroski.

Plans were made for a whisky dinner to be held in the club house Wednesday at 2:30 p.m.

Meeting will be held in the Social Credit hall.

Welsh Singers To Hear of Festival

Reds Beaten 10-1 On Labor Issues

Leftists' Objections Smothered
In Day-Long Congress Battle

By John Lehman

OTTAWA, Oct. 6.—(CP)—A day-long running battle between left-wingers and anti-Communists brought a series of resounding defeats yesterday for Communist sympathizers at the Canadian Congress of Labor's annual convention.

With right-left skirmishes or "left-right" battles occurring almost every issue, the Red-line communists were thumped throughout the two-day session.

Their failed to bring an executive-sponsored policy resolution regarding re-opening of EHP, the Atlantic Past and World Inspection, and re-nationalization of steel.

They failed to gain through a proposal for re-affiliation of the Congress with the Reconstruction World Trade Union of Trade Unions, from which the CCL was ousted earlier this year.

A motion to officially seal the fate of the Communists in the international union of mine and smelter workers. The executive committee accepted the proposal, its expiration later in this session.

The registered support of a new union that the CCL had set up at the mine-mill body's northern Ontario field.

After voting during the day, the vales ran to about 10 to one against the leftist fringe of the convention.

A fourth issue on which the leftists went down to defeat was in the passage of a trade resolution calling for a massive foreign investment plan to meet Canada's "foreign trade crisis" by cutting imports from the United States, stepping up exports to Canada, and stimulating markets in continental and other countries.

Opponents of the resolution allowed the usual use of attaching a Canadian slogan to the U.S. document, and as far-reaching a cordon was.

Leftists also selected the opportunity to denounce leadership on a residence tax, the introduction of automation of all central labour boards in the dominion.

Two motions were adopted regarding automation:

1. A national low-cost, low-rent housing program to be implemented and to be tied in with community planning.

2. A work week of five days and 40 hours.

3. Amendment to the British Columbia Act to give the dominion enough jurisdiction ahead with overall social security.

But the deficit with the dollar was \$155,000,000 in the first half.

In the second half of 1948 there was an overall surplus in world trade of \$245,000,000, but this was due to the fact that in the first half of last year the overall deficit was \$155,000,000.

The total deficit areas were \$15,000,000 in the second half of 1948 and \$165,000,000 in the first half of last year.

With a growing economy, Britain had a surplus of £150,000,000—during the first half of this year.

Senator Improves

ANN ARBOR, Mich., Oct. 6.—(AP)—Senator Arthur H. Vandenberg (Rep., Mich.) continues to move in the direction of the labor cause. The source said a federal move to overcome establishment bias against unions would be granted later with approval.

Medical Units Probed in U.S.

CHICAGO, Oct. 6.—(AP)—Trusted agents of the American Medical Association said today that the AMA and 16 state and county medical societies are being investigated by the U.S. Justice department.

The board of trustees issued a statement that it was under orders of the police arm of the government in a campaign to discredit American medical workers and terrorize patients into submitting to compulsory health insurance.

The board said that the board room of the trustees in Chicago was broken into Feb. 10, 1948, members of the board were kidnapped.

**Manitoba's Bid
To Conference
Being Accepted**

WINNIPEG, Oct. 6.—(CP)—A Manitoba provincial government source said Manitoba is preparing to accept an invitation to send an delegation to a Dominion-provincial conference on constitutional reform.

The province, being created and likely to be given a seat, has also accepted an invitation to the Prime Minister St. Laurent's suggestion that a preparatory conference of federal-provincial premiers be held in October.

The source said a federal move to overcome establishment bias against unions would be granted later with approval.

COMBINE UNDRESSES BUT NOT FOR STAGE

NAUVOO, Ill., Oct. 6.—(AP)—Most everything being automated these days it is not surprising that farmers Louis Edwards and his son—Louis—have discovered—to his embarrassment—an automatic duster.

He was operating a combine and stepped on the power takeoff, snagging his clothes. When he picked himself off the ground, unharmed, he was wearing only a shirt collar, a wrist band from his coat and a shoulder strap from his undershirt.

OIL

City Company Enters Leduc

R. Dan Phair

Westward extension of the eastern section of the Leduc oilfield is being attempted by a newly-formed Edmonton company, Rese Petroleum Limited. The company is completely financed with private Edmonton capital.

First well has been started at 1000 feet. The No. 11 well was completed at 10,000 feet and is now producing a good rate and immediately southward where initial 270 barrels daily on four hour tests. Well No. 12 was bottomed at 2,000 feet and rates 100 barrels daily. The wells moving in are Plug No. 9 and 10. Gulf Oil Shipyards, Inc., has a new plant at Leduc and Shipyards No. 14 is at 1,000 feet.

The company holds rights to the quartz section.

TEXACO TRIES AGAIN

Further south the team Texaco-McGill is preparing to drill a second well in a section in which they already have drilled and abandoned an earlier well.

The new start will be drilled in lot 10,000, the southern portion of the first venture. Rese is presently being moved in and rigged.

In the Redwater area, the other Texaco-McGill wells report progress. No. 4 is at 2,075 feet; C-1 is at 1,130 feet; No. 5 is at 2,000 feet; and No. 6 is at 1,000 feet.

Alberta Oil Leaseholders, No. 3 in the Whitemud area is presently running a test well at 1,000 feet at the 4,000 foot level. Lower Cretaceous formation at this well is reported to be tight.

LLOYD FIELD WELL

At Lloyd Lake, Saskatchewan, work will be soon started for the Franco Oil Co. The well encountered difficulty in the 400 to 500 foot level when it started to run directionally and has since been overcome and is making hole again.

A Pincher Creek Gulf Fred Schrempf is fishing for drilling testing equipment at the well bottom. At a cost of \$65,000 the company is starting to lay the Doreen-Edberg district, midway between the producing Joseph Lake and Rosedale fields.

Land values unchanged, good to 10,000 feet.

Gulf has now six completions on its Pich No. 11 section on the south end of the 12,562 feet Union No. 10, the last two are moving in. The two latest completions are Pich No. 11 and 11-36-52-W4th and Pich No. 12 proven.
